Total disability of a student

When a student becomes totally disabled as a result of an accident, a critical illness or a non-critical illness, Blue Cross will pay him/her \$200 per week (or \$28.75 per day in the case of an incomplete week) for the period between June 1 and August 31 immediately following the date of the accident or the diagnosis of the critical or non-critical illness, provided the student is still disabled during this period. A 7-day waiting period applies.

Guaranteed Insurability Option

Blue Cross will offer the Insured Child a new insurance policy with the same coverage he/she had as a dependent child under the existing policy, except for the Children's Critical Illness benefit.

The new insurance policy will be issued as an individual coverage without further medical underwriting.

The Insured Child will have 60 days from the date he/she stops meeting the criteria of the definition of a dependent child in the GENERAL PROVISIONS to request the GUARANTEED INSURABILITY OPTION.

The insurability is guaranteed even if the dependent child is hospitalized or an invalid at the time the new policy takes effect.

The insurability is not guaranteed if the present benefit was terminated for one of the following reasons:
